FOR IMMEDIATE RELEASE

### **German aerospace and aviation delegation explores business opportunities in Malaysia**

*This initiative offers Malaysian aerospace companies a unique platform to engage with German experts and explore high-impact collaborations.*

Kuala Lumpur, 27 May 2025 — The Malaysian-German Chamber of Commerce and Industry (MGCC) is hosting a German aerospace and aviation delegation from 26 to 30 May 2025. The delegation will bring together leading German technology providers and Malaysian industry players for a week-long engagement focused on innovation, knowledge exchange, and strategic collaboration.

This initiative, supported by the German Federal Ministry of Economic Affairs and Energy (BMWE) under the Market Development Programme, aims to foster meaningful connections between the two countries' aerospace sectors. Through this delegation, MGCC is creating a dynamic platform for business networking, technological exchange, and the development of long-term partnerships.

The business delegation programme will feature a conference on 27 May, followed by individual business matching sessions. The programme is organised with support from key Malaysian industry bodies, including the National Aerospace Industry Corporation Malaysia (NAICO) and the Malaysia Aerospace Industry Association (MAIA), in collaboration with SBS systems for business solutions (SBS)

#### **Conference Highlights:**

- Industry Outlook: Potential and Challenges of the Aviation and Aerospace Industry in Malaysia
- Local Perspectives: What are Companies in the Malaysian Aerospace Sector Looking For?
- Growth & Infrastructure: Gateway to Growth: The Largest Aerospace Ecosystem at Subang Airport and KLIA
- Innovation Spotlight: Production Technologies and Tools for the Aerospace Industry
- Market Trends: Aerospace Parts, Services, and MRO – Trends & Latest Technologies

“This delegation visit underscores our commitment to facilitating meaningful partnerships that contribute to the growth of Malaysia’s aerospace sector. By connecting local stakeholders with German expertise, we aim to strengthen the industry’s global competitiveness, drive sustainable economic development, and accelerate the adoption of innovative technologies that will define the future of aerospace,” said Jan Noether, Executive Director of MGCC.

This initiative offers Malaysian aerospace companies and stakeholders an unparalleled opportunity to explore collaboration with German experts, access the latest technological advancements, and position themselves within the global aerospace value chain.

The eight participating German companies are AID GmbH, August Rüggeberg GmbH & Co. KG, FlexiCAM GmbH, Herzog GmbH, Hufschmied Zerspanungssysteme GmbH, Inspire SSA GmbH, KRD Luftfahrttechnik GmbH and MKV GmbH. These companies represent Germany’s finest technology providers in aircraft design, precision tooling, maintenance, repair and overhaul (MRO), and production technologies.

Germany's aerospace and aviation industry stands as a pillar of its economy, marked by cutting-edge innovation, engineering precision, and global leadership. German companies are renowned for their excellence in aircraft manufacturing, operation, maintenance, and production technologies—offering solutions built on safety, performance, and reliability.

Aviation is a key sector of the Malaysian economy, contributing significantly to national industrial development, technological advancement, and international connectivity. As part of its New Industrial Master Plan 2030 (NIMP 2030), Malaysia is striving to become the leading aerospace hub in Southeast Asia by the end of the decade, with ambitious targets to capture 50% of the regional MRO market and 5% of the global share. This vision reflects the country's commitment to industry transformation and its readiness to embrace emerging technologies and trends in aerospace.

**Malaysian-German Chamber of Commerce and Industry (MGCC®)**

The Malaysian-German Chamber of Commerce and Industry (MGCC), or AHK Malaysia as it is known in Germany, is the official representative of German industry and trade in Malaysia with excellent relations to governments and its authorities, to business organisations and to industry both in Malaysia and in Germany. The Chamber represents the interests of more than 420 members and is part of the global network of German Chambers of Commerce Abroad (AHK network) with 150 offices in 93 countries—and counting.

Established in the year 1991, MGCC has since been a strong and reliable partner for its members and clients with a widespread, result-oriented range of services and a successful track record. As the largest bilateral European Chamber in Malaysia, MGCC is the preferred service partner for companies seeking to establish a market presence here or to increase their involvement in Malaysia. The Chamber also offers a platform to share experiences and exchange views at a wide range of forums and events, as well as to establish business relationships within its network. MGCC is supported by the Federal Ministry of Economic Affairs and Energy based on a resolution of the German parliament, the Bundestag.
