What you think a potential employer should know about you:

German Certified Industrial Master (IHK) and hands-on Process Specialist. I specialize in the practical execution of complex manufacturing processes directly on the shop floor. My core strength is ensuring that strict engineering and quality standards are successfully implemented in daily production. As I am planning my permanent relocation to Malaysia, I am seeking to support local production ramp-ups, continuous improvement initiatives, and the technical onboarding of production staff in a dynamic manufacturing environment.

*Please send your application to memberships@malaysia.ahk.de. Only shortlisted applications that are based in Germany or Malaysia will be considered. Applications with referral from an MGCC member company will be prioritised.
